or call ahead.

Apples, strawberries, honey! Oh my!

Welcome to our little slice of heaven! Cayuga County is home the **Finger Lakes Sweet Treat Trail!** Each partner has a signature item they're known for and their own unique flavor!

Start your morning off with a delicious (and generous) breakfast at the one and only **Dugan's Country Grill** in Aurora. After you fill your tummy take the short drive (25 minutes) to Moravia and pay **Ripley Family Farm** a visit. They specialize in Guernsey milk, especially great for those of us with any lactose intolerance! *Check out their socials for adorable kids and cows!

King Ferry Corner Store is an excellent mid point stop for gas, more snacks, drinks and lunch! On your way to **Standing Stone Honey Bee** perhaps you need to stretch your legs, check out **Fillmore Glen State Park!**

Another short drive will take you north to **Strawberry Fields Hydroponic Farm**. Did you expect to be able to pick fresh strawberries into October?! Well you can here and tour the lovely florist and gift shop on site.

Wrap up your tasty adventure with a stop in Auburn for general visitation information and the **Taste NY Market** inside of the **Equal Rights Heritage Center**. They'll help you plan your next fun adventure!
